

Grab & Go is a great option...

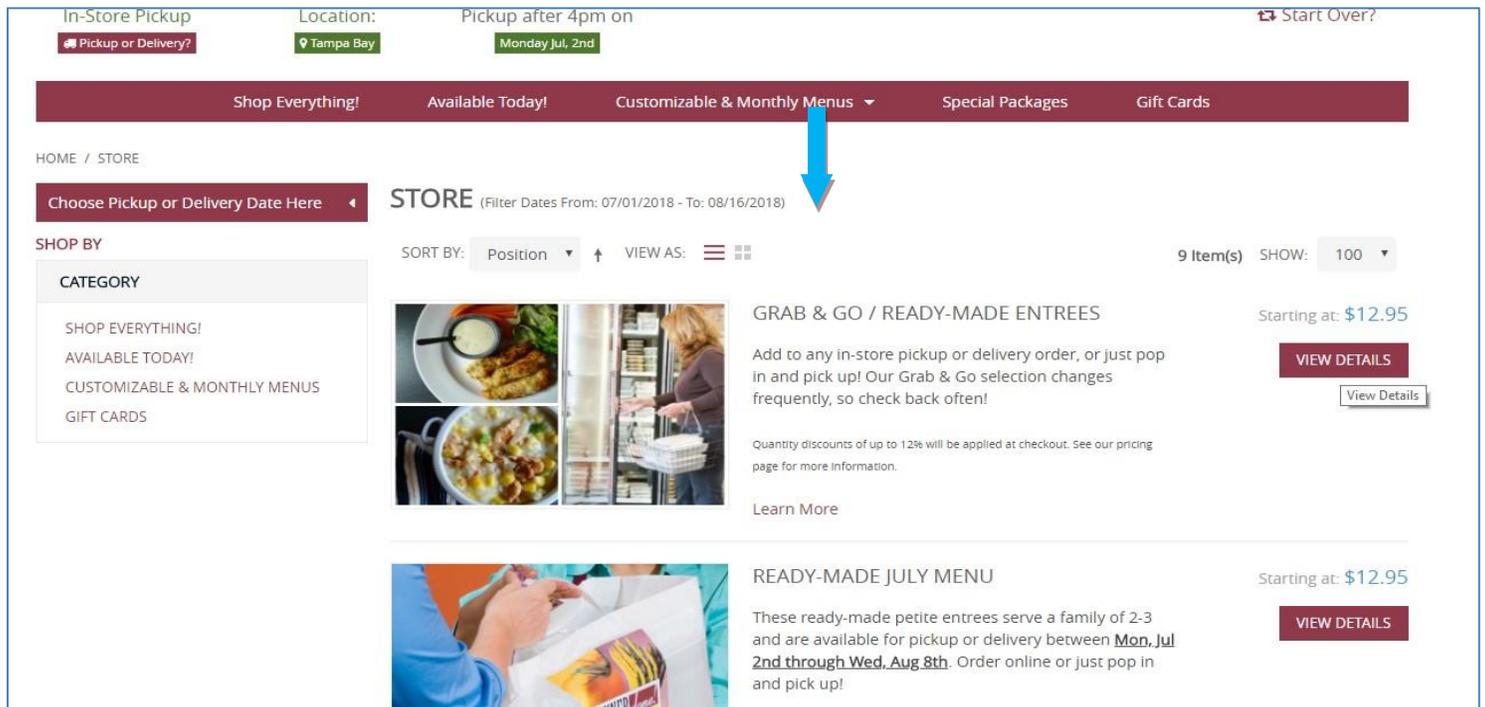

Because our Grab & Go selection changes frequently, we are unable to provide an up-to-date printable menu. It's easy, however, to view (and order from) the current Grab & Go Menu from your phone, tablet or computer!

On a desktop, laptop or a tablet in landscape mode:

1. Mouse over **"Store"** in the top menu and select the **"Place Pickup or Delivery"** Option.

2. Now you are in the online "Store". Click **"View Details"** on the Grab & Go / Ready Made Entrees. That will show you everything that we currently have available for pickup. You may order online, or stop in and shop. Don't forget to also check out our Side Dish, Appetizer, Brunch and Dessert Menus also found in the online store.

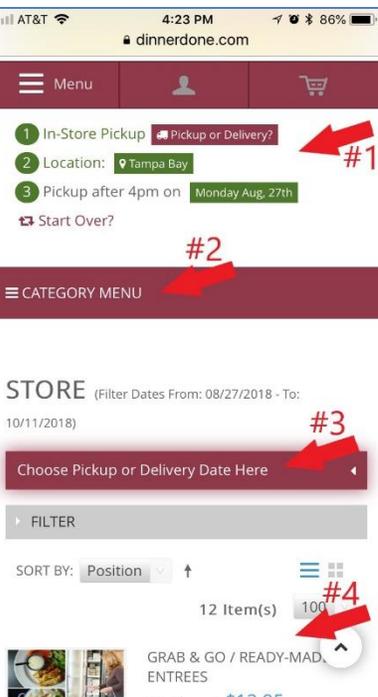

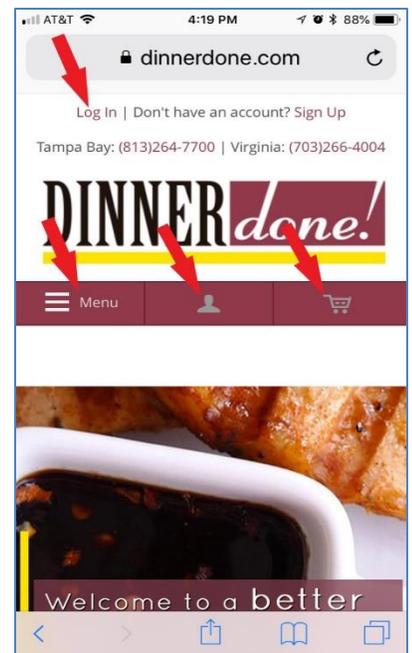

On your mobile device or tablet in portrait mode:

1. To get to the online store and view our Grab & Go menu:

1. Click **“Menu”**
2. Click **“Store”**
3. Click **“Place Pickup or Delivery Order”**

Helpful Info: The arrows on the picture to the right show important features of the mobile website:

- At the top of the mobile website, there is an option to **“Log In”**.
- Just below the Dinner Done logo are options to access the navigational **“Menu”**, the **“Account”** page and also to **“Checkout”** or view your shopping cart. Note that the **“Menu”** here is simply our website navigation menu – the menu where you can access the Online Store, Kitchen Sessions, Printable Menu files, Pricing Page, etc.

2. Once you are in the **“Store”**, click on the **“Grab & Go / Ready Made Entrees”** to view the Grab & Go menu. It’s that easy!

Helpful Info: The arrows on the picture to the left show important features found in our online store:

- **Arrow #1:** This indicates if you are doing a pickup or delivery, where your pickup location is (or where your order is being delivered from), and when your pickup or delivery is scheduled for. The system automatically sets you for the first available in-store pickup date – you can easily change this (arrow #3).
- **Arrow #2:** Click this to see the different categories within our online store. Use **“Available Now”** to easily see all of the current Grab & Go entrees, sides, desserts and appetizers!
- **Arrow #3:** Click here to choose a different pickup or delivery option. Note that you always have to enter your address to see options, even when just changing a pickup date.
- **Arrow #4:** Here’s that Grab & Go Menu! Click on it to see all available Grab & Go entrees, or scroll down to see other available menus.

A few tips for ordering Grab & Go online:

Our web system automatically assumes you want the first available in-store pickup date.

- If you are ordering before 10am, it will set your pickup date to after 4pm on the current day (if we are open).
- If you are placing your order after 10am, it will set your pickup date to 4pm on the next business day.
- If you need to pick up earlier, simply call or email us to let us know. We’ll bag your order as soon as we can!

You don’t HAVE to order online, although some of our dishes may sell out quickly. Feel free to pop in to the store and pick up any of our Grab & Go dishes immediately. We have a comfy couch, a few tablet devices, and a helpful team happy to answer any questions you may have. Want a glass of wine, water or soda while you shop with us? Just let us know!

Thanks for shopping local. We appreciate you!
